

EEI3346 Mini Project Report

Name : W.L.Madhuwantha
S Number : S22010008

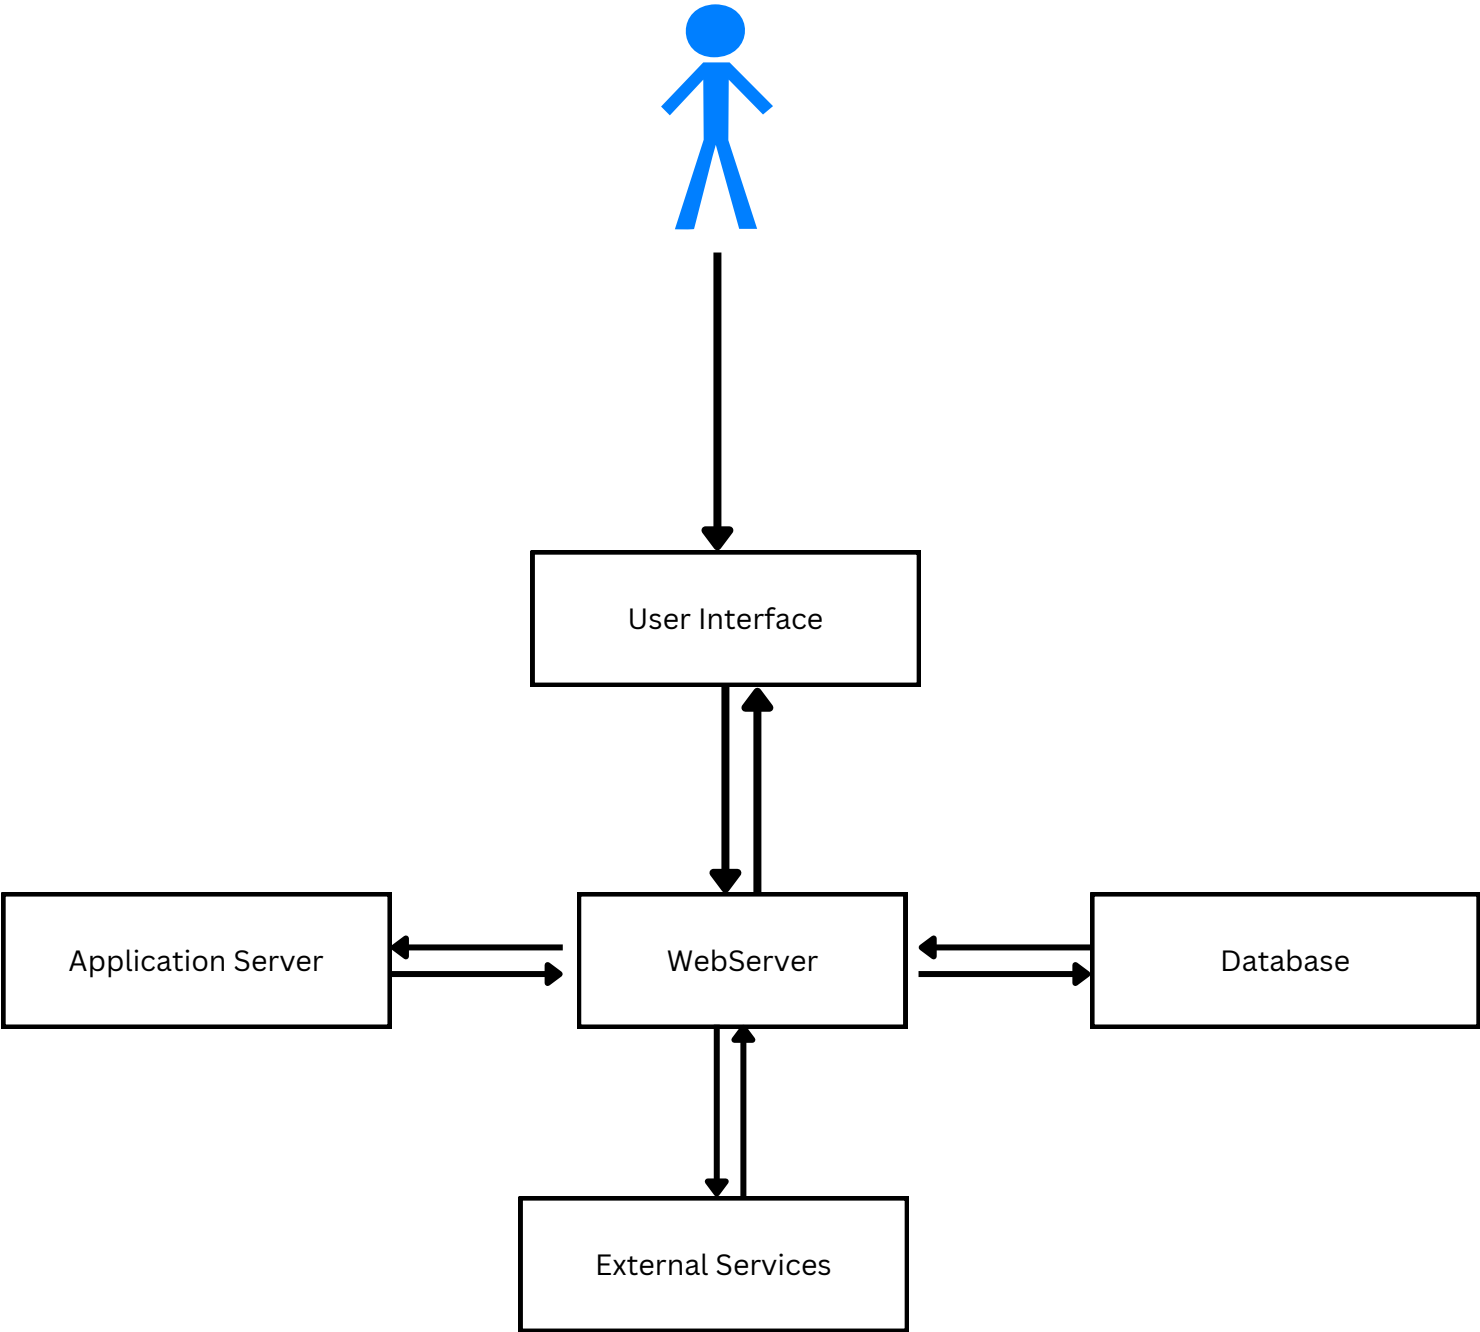

Problems

- First problem I faced is using Vue Js to create feedback section in my web page.
- Second problem I faced : I want to convert navigation bar to drop down menu in mobile view mode.

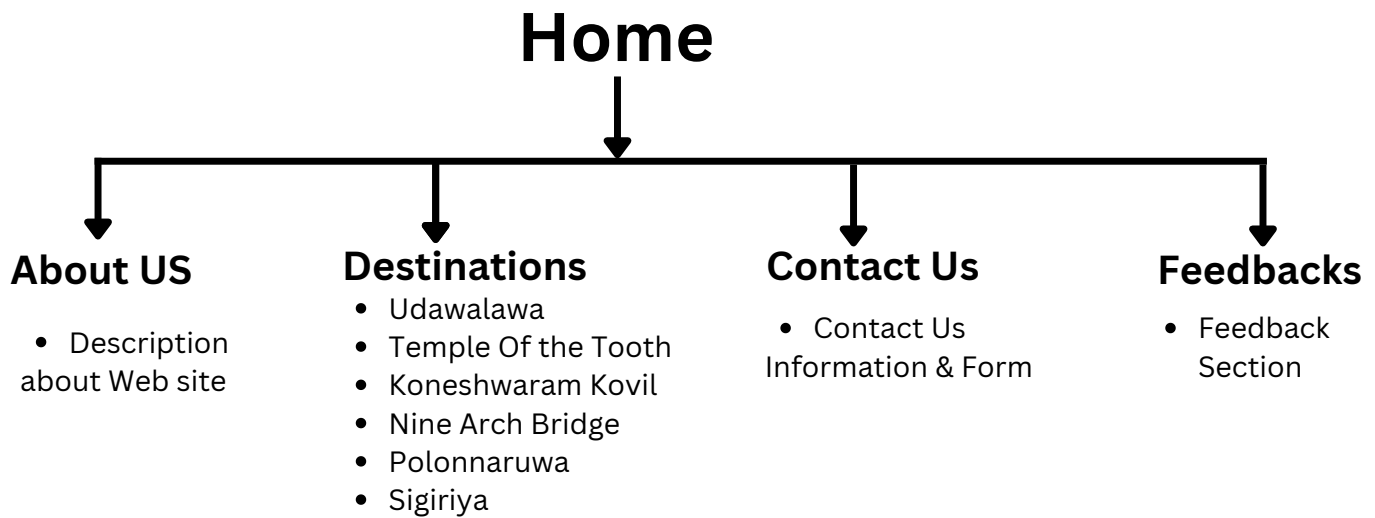

Solution Approach

- I learn vue js from youtube videos and some other educational sites and then I created it as I can.
- To solve second problem I watched youtube video and learn How to create drop down menu. Then I solve my problem perfectly.

Architectural diagram of the system

Site Map

Used web technologies and examples

- **HTML**

Used for create Main Sketch of The web page

- **CSS**

Used in every webpages to gives like professional look for web site.

- **Java Script**

Use for create drop down menu in mobile mode

- **Vue JS**

Use for create Feedbacks section in the web site

Udawalawa Wild Safari

Udawalawe and Yala National Parks are two of the most popular wildlife sanctuaries in Sri Lanka, offering thrilling and unforgettable safari experiences. Udawalawe National Park is located in the southern part of Sri Lanka and spans over 308 square kilometers. It is home to a wide variety of wildlife including elephants, water buffalo, crocodiles, sambar deer, spotted deer, and a vast array of bird species. Visitors can enjoy a safari ride in a jeep, taking them through the park's grasslands, dry forests, and wetlands.

The park is particularly famous for its large population of elephants, and visitors are almost guaranteed to see a herd of elephants grazing, playing or bathing in one of the many waterholes. Yala National Park is located in the southeastern part of Sri Lanka, covering an area of 978 square kilometers. It is home to several ecosystems including forests, grasslands, and lagoons, and is known for its diverse wildlife, including the elusive Sri Lankan leopard, which is believed to be the highest density of leopards in the world.

The park is also home to elephants, sloth bears, spotted deer, sambar deer, and many species of birds. Visitors can explore the park on a jeep safari, accompanied by an experienced guide who can help spot the animals and provide insight into the park's ecosystem and wildlife. Both Udawalawe and Yala National Parks offer exciting safari experiences that allow visitors to get up close and personal with some of Sri Lanka's most spectacular wildlife. Whether you're an animal lover or an adventure seeker, a safari in Udawalawe or Yala is a must-do activity during your visit to Sri Lanka.

Temple Of The Tooth

The Temple of the Tooth, also known as Sri Dalada Maligawa, is a sacred Buddhist temple located in Kandy, Sri Lanka. The temple is believed to house the tooth relic of the Buddha, which is considered one of the most sacred relics in the Buddhist world. The temple is situated within the Royal Palace complex, which was once the home of the Kandyan monarchs. It is surrounded by a beautiful moat and is adorned with intricate carvings and murals that depict the rich history of Sri Lanka.

Visitors must remove their shoes and cover their shoulders and knees as a sign of respect before entering the temple. Once inside the temple, visitors will see the chamber where the tooth relic is kept, which is guarded by heavily armed soldiers. The chamber is only opened on special occasions, but visitors can still see the golden casket that contains the relic. The temple is also home to several shrines and museums that showcase the history and culture of Sri Lanka, including a museum dedicated to the Kandyan period and a display of traditional costumes and jewelry.

The temple complex also includes a stunning outdoor garden, where visitors can relax and enjoy the serene atmosphere. The Temple of the Tooth is not only a place of great religious significance but also a symbol of Sri Lanka's cultural heritage. A visit to this temple is a must-do experience for anyone visiting Kandy, and it offers a unique opportunity to learn about the rich history and culture of Sri Lanka while also experiencing its spiritual side.

Polonnaruwa

Polonnaruwa is an ancient city in Sri Lanka that was once the capital of the country during the Polonnaruwa Kingdom from the 11th to the 13th centuries. The city is renowned for its numerous religious and cultural sites, including several impressive examples of ancient Sinhalese architecture. One of the most popular places to visit in Polonnaruwa is the Sacred Quadrangle, which is a large complex of buildings that served as the religious center of the city during the Polonnaruwa period.

The Sacred Quadrangle includes several ancient temples and palaces, including the Vatadage, a circular structure that housed a sacred relic of the Buddha. Another must-see site in Polonnaruwa is the Gal Vihara, a group of four massive stone statues of the Buddha carved into a single granite outcrop. The statues are among the finest examples of ancient Sinhalese art and are considered some of the most important Buddhist sculptures in the world.

Other notable places to visit in Polonnaruwa include the Thuparama, a brick temple that houses an enormous Buddha statue, and the Lankatilaka, a towering brick temple with intricate carvings and a massive reclining Buddha statue. Visitors can also explore the remains of the Royal Palace and the Audience Hall, which provide insight into the daily life of the Polonnaruwa Kingdom's rulers.

Koneshwaram Kovil

Koneshwaram Kovil is a Hindu temple located in the town of Trincomalee, on the eastern coast of Sri Lanka. The temple is dedicated to Lord Shiva, one of the most revered deities in the Hindu pantheon, and is considered one of the five major Shiva temples or Pancha Ishwarams in Sri Lanka.

The temple has a long and fascinating history that dates back over 2,000 years. According to legend, the temple was originally built by the Hindu god Lord Rama, who is believed to have worshipped at the site on his way back to India after defeating the demon king Ravana. Over the centuries, the temple has been destroyed and rebuilt several times, most notably by the Chola dynasty in the 10th century and later by the Portuguese in the 17th century. Today, the Koneshwaram Kovil is a magnificent structure that features intricate carvings and beautiful sculptures. The temple complex is situated atop a cliff overlooking the Indian Ocean, providing visitors with stunning views of the sea and the surrounding countryside. Inside the temple, visitors can admire the ornate statues of Lord Shiva and other deities, as well as the elaborate frescoes and intricate carvings that adorn the walls and ceilings.

The temple is an important pilgrimage site for Hindus, who come from all over the world to worship at this sacred site. It is also a popular tourist destination, attracting visitors from all walks of life who are drawn to its beauty, history, and spiritual significance. Whether you are a devout Hindu seeking spiritual enlightenment or simply a traveler looking to experience the rich cultural heritage of Sri Lanka, the Koneshwaram Kovil is a must-visit destination that is sure to leave a lasting impression.

Sigiriya

Sigiriya is an ancient rock fortress located in the central Matale District of Sri Lanka. The site is also known as the Lion Rock because of the enormous lion-shaped gateway that once guarded the entrance to the palace on top of the rock. Built during the 5th century by King Kasyapa, Sigiriya is considered one of the most impressive and well-preserved examples of ancient urban planning in the world.

The palace and gardens at the top of the rock were built with an intricate water management system, including fountains and water gardens that were fed by the nearby Sigiriya Tank. The rock itself is also adorned with ancient frescoes depicting female figures and geometric patterns. The climb to the top of Sigiriya is a popular attraction for tourists, offering breathtaking views of the surrounding countryside.

Visitors can explore the palace ruins, the water gardens, and the frescoes while learning about the fascinating history of this ancient site. Sigiriya is also a UNESCO World Heritage Site, recognized for its outstanding cultural value and significance to human history. The site attracts thousands of visitors each year and remains one of the most iconic landmarks in Sri Lanka.
